

EFSI exam simulation (07/06/2023)

Introduction to exam simulation (11/06/2020 videotape on Teaching Portal: 0:00 – 6:00):

- **Problems #1.1 and #1.2 (around 90 minutes)**

Solve Problem #1.2 assuming that models are used for prediction purposes.

Optional: solve Problem #1.2 assuming that models are used for simulation purposes.

For more notes on this topic, please refer to Labs #5 – #6 and the corresponding lessons

- **Problem #1.3 (around 40 minutes)**

For more notes on this topic, please refer to Labs #2 – #3 and the corresponding lessons

- **Problem #2 (around 50 minutes)**

For more notes on this topic, please refer to Lab #4 and the corresponding lessons

During the exam simulation, try to use only the **official formulary**, available at
